WebLINK 3.0

Online Payments Made Simple

Removing online merchants from the scope of ✓PCI

EASILY INTEGRATED HOSTED PROCESSING SOLUTION

CUSTOMIZABLE, FLEXIBLE

HOW IT WORKS

BridgePay's WebLINK 3.0 is our simple hosted payment page. This product allows online merchants to have integrated payment processing to their website all the while being out of the scope of PCI. Our customizable payment page is a convenient and flexible solution to process online ecommerce payments. This simple integration method brings the security of online processing with the ease of branding to your website!
